

LIVE GREEN, LIVE LONGER.

Are you reducing your pets life by 30%? If you use spot on flea treatments, experts say you are! Unlike spot on treatments, Wondercide™ products are nontoxic and completely safe for use on pets, including puppies, kittens, and nursing mothers. It's time to stop poisoning pets with pesticides and start eliminating harmful parasites with a safe, natural alternative.

WONDERCIDE™ IS THE ANSWER.

See the whole line of Wondercide™ products for pets, people, and property at wondercide.com or call us toll free for more information:
